Individual PPO Plan Summary of Benefits

This document is not a contract or policy with Optima Health. It is a summary of benefits and services available through the Plan. If there are any differences between this summary and the Individual Policy issued, the provisions of those documents will prevail for all benefits, conditions, limitations and exclusions.

It is the Member's responsibility to determine, based on his/her choice of providers, if this health care coverage is under the In-Network level or under the Out-of-Network level of benefits and to be familiar with his/her Coverage. Covered Services received from Non-Plan Providers, including but not limited to Physicians, facilities, and laboratories will be covered under Out-of-network benefits. NOTES

The Covered Services herein are subject to the terms and conditions set forth in the Optima Health Individual Coverage Policy form number OHIC.IND.POLICY.08

1. Maximum benefits payable under the Plan.
 2. Deductible means the dollar amount of covered medical expenses for which a Member is responsible to pay before benefits are payable under the Plan. Such amount will not be reimbursed under the Plan. Any part of the calendar year deductible that is satisfied in the last three months of a calendar year can be carried forward to the next calendar year. The Deductible does not apply to Physician office visits and the Member is required to pay applicable office visit Copayment only. Amounts applied to an in-network deductible will apply toward the Plan's in-network out of pocket maximum amount. Amounts applied to an out-of-network deductible will apply toward the Plan's out of network out of pocket maximum amount.
 3. The total amount a Subscriber and/or Dependents will pay during a calendar year for covered In-Network Services. The In-Network Deductible will apply toward the In-Network Out-Of-Pocket Maximum. Copayments or Coinsurances for outpatient mental health care, vision care, outpatient prescription drugs, or amounts which a covered person is required to pay for to failure to comply with the Plan's Pre-Authorization and Referral procedures do not count toward the In-Network Out-Of-Pocket Maximum and must continue to be paid after the maximum has been met. The Out-Of-Network Deductible does not apply toward the In-Network Out-Of-Pocket Maximum. Copayments or Coinsurances for Out-Of-Network Covered Services do not count toward the In-Network Out-Of-Pocket Maximum.
 4. The total amount a Subscriber and/or Dependents will pay during a calendar year for covered Out-of-Network Services. The Out-Of-Network Deductible will apply toward the Out-Of-Network Out-Of-Pocket Maximum. Copayments or Coinsurances for outpatient mental health care, vision care, outpatient prescription drugs, amounts which a covered person is required to pay for failure to comply with the Plan's Pre-Authorization and Referral procedures, or amounts which are in excess of the Plan's Allowable Charge do not count toward the Out-Of-Network Out-Of-Pocket Maximum and must continue to be paid after the maximum has been met. The In-Network Deductible does not apply toward the Out-Of-Network Out-Of-Pocket Maximum. Copayments or Coinsurances for In-Network Covered Services do not count toward the Out-Of-Network Out-Of-Pocket Maximum.
 5. Pre-Authorization is required. A Member's benefits under the policy will be reduced, after any deductible amount, if he/she does not comply with the Plan's referral and pre-authorization procedures. Details concerning the Plan's referral and pre-authorization procedures, including possible benefit reductions for not following the requirements, are provided under Section III in the Certificate of Insurance.
 6. Maximum amounts are combined maximums of both In-Network and Out-Of Network Covered Services unless otherwise indicated. Amounts in excess of a benefit dollar limit and/or visit limit as stated in the Schedule of Benefits or added by a Plan rider are excluded from Coverage.
 7. Mental Health and Substance Abuse services are provided through Sentara Behavioral Health Services, and all Mental Health pre-authorization services are administered by Sentara Behavioral Health Services.
 8. Benefits are payable at the percent specified of the Plan's fee schedule.
 9. All Emergency, Urgent Care, Ambulance and Emergency Mental Health Services may be subject to Retrospective Review to determine the Plan's responsibility for payment. If the Plan determines that the condition treated was not an emergency, the benefit will be reduced as specified on the Schedule of Benefits. Members who receive Emergency services from Non-Plan Providers may be responsible for charges in excess of what would have been paid had the emergency care been received from Plan Providers. In no event will the Plan be responsible for payment for services from Non-Plan Providers where the service would not have been covered had the member received care from a Plan Provider.
- AC Benefits for Covered Services performed by any provider who is not a Plan Provider will be based on either a negotiated or agreed upon reimbursement or on an allowable charge which is the lesser of the provider's actual charge or the Plan's in-network fee schedule for the same service performed by the same type of provider. The Member will be responsible for payment of all charges in excess of the Plan's allowable charge in addition to any copayment and coinsurance amounts he/she is required to pay. Charges from non-Plan providers will generally exceed the Plan's allowable charge.

Optima Foursight Individual Plan 30/500

Members are entitled to receive the following FDA-approved prescription drugs, when prescribed by a participating Physician, from a participating pharmacy or from a non-participating pharmacy that has agreed to accept as payment in full reimbursement from the Plan at the same level as the Plan gives to participating pharmacies.

This Plan uses a closed formulary. Recommendations on drug coverage are made by the Pharmacy and Therapeutics Committee composed of physicians and pharmacists. The committee looks at the medical literature and then evaluates whether to add a drug to, or remove a drug from the formulary. Efficacy, safety, cost, and overall disease cost are factors that are taken into consideration. Selected drugs may require your physician to obtain Pre-Authorization from the Plan in order to be covered. The Pharmacy and Therapeutics Committee may establish monthly quantity limits for selected medications. Members will be responsible for all applicable Copayments, Coinsurance, or Deductibles depending upon which Tier a drug is placed in. Covered prescription drugs are placed into Tiers according to the following:

- **Select Generic (Tier 1) include:** The majority of commonly prescribed and widely available generic drugs.
- **Standard Generics (Tier 2) include:** Newly FDA-approved generic drugs and those generic drugs with significantly higher costs than the average Select Generic (Tier 1) drugs.
- **Select Brand (Tier 3) include:** Select brand name drugs that do not have a generic equivalent or a generic alternative to treat life-threatening chronic illnesses.
