

TREATMENT COST CALCULATOR

MORE INFORMED DECISIONS

The Treatment Cost Calculator provides Optima Health members with geographic based cost estimates for over 300 procedures and services.

MyOptima

There is a **one-time registration** and then members can use the single sign-on feature on the Optima Health member portal.

STEP TWO View Market Estimate and learn how your benefits apply.

Your likely out-of-pocket cost is:

\$39

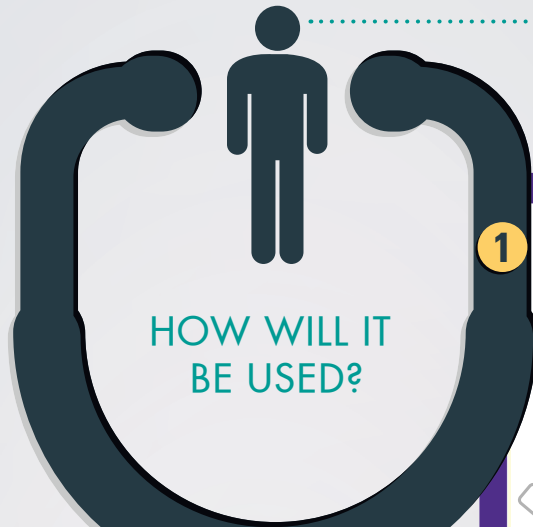

Based on average costs for in-network healthcare providers in Virginia, excluding DC Suburbs

The Treatment Cost Calculator

Cost sharing amounts are calculated for each member based on their specific benefit information.

- ✓ remaining deductible
- ✓ out-of-pocket limits
- ✓ coinsurance
- ✓ copayment
- ✓ in-network
- ✓ out-of-network

REAL TIME BALANCES

Your doctor ordered a CT scan to see what's going on with your chronic knee pain.
NOW WHAT?

STEP ONE Search or browse for a procedure or condition

CT scan

2

3

STEP THREE Find local physicians/facility providers.

Find Providers

5

4

STEP FOUR Compare provider estimates in your zip code.

E		★★★★	\$1,400
D		★★★	\$1,635
C		★★	\$1,022
B		★★★	\$1,300
A		★	\$1,150

STEP FIVE Select a provider, view map, call for appointment, and print estimate.

This tool is especially helpful for members with **HIGH DEDUCTIBLE HEALTH PLANS** who often pay a greater amount of money out of pocket than many traditional health insurance plans.

SAVINGS

"I can save money by choosing the doctor or facility with the **lowest cost for my medical procedure.**"

SHOP & COMPARE

"It's easy to shop and compare my out of pocket costs for a **specific procedure at a specific in-network doctor or medical facility.**"

CONFIDENCE

"Treatment Cost Calculator helped me **make the best decision.**"
